

MEDIA INFORMATION 2021

Natural health and wellbeing

- *Naturli* is Denmark's most topical magazine on health, wellbeing and the path to a better way of life. *Naturli* provides advice but does not suggest alternatives to actual medical treatment.
- The magazine's editorial team includes some of Denmark's most renowned experts within the field, such as the radio doctor Carsten Vagn-Hansen. *Naturli* is distributed via health shops and by subscription.
- In addition, *Naturli* is available on the internet. *Naturli.dk* is one of the most comprehensive websites on health and wellbeing, and the website's database includes more than 6,000 articles and reviews on natural health.

**CIRCULATION:
30,000**

”

For everyone with an opinion about what to eat and how we live our lives! ”

Target group

Women with the interest and energy to spend time on themselves and on their families' health and wellbeing:

- They are interested in healthy lifestyle, diet and exercise.
- They appreciate the potential health benefits in self indulgence.
- Careers and psychological wellbeing are relevant aspects of their lives.
- Bullying, stress and personal development concern them.

We pay 5 % in agency commission as security and information compensation. Commission is only paid to nominated agencies.

Advertising materials:

All materials must be provided complete as ready-to-print, high-resolution PDF files, CMYK separated, preferably as PDF/X files. Please forward to: baastrup@mediegruppen.net

Mediegruppen is happy to help with your advertisement. Please contact us for further information.

Mediegruppen

- publishes three exciting health magazines which engage their readers with informative articles on health and prevention of illness. The vision is to inspire their readers to make choices that will give them longer and better lives. The message is communicated via design, photographs, illustrations and not least the written word. Our objective is to produce communication that affects both opinions and emotions as well as readers and get them into action.
